

## Supply List - Fine Art Day Camp for Teens

It is always a pleasure to work with teens! Their personalities are energizing and they can grasp an idea and grow so quickly. I am looking forward to getting to know each student this summer.

Please use any supplies you already have at home except for the acrylic paints. If we all have the same brand and colors of paint, we will be able to get similar results with color mixing. If you don't have something, I recommend heading to ArtSpot in downtown Edmonds. They have great staff who will be able to help you find everything you need. Or you can order online from a great art store called Jerry's Artarama but you will need up to 7 business days to receive your order. I've made a "favorites" list which you can use to get started.

Thanks!
