Adobe Lightroom Classic

Location: Zoom

Fee: \$96.00

Ages: 18 and up

Lightroom Classic is a powerful image management and image editing software program. In Part 1, we cover the Library Module which is designed to streamline your workflow and organize your entire photo collection. In Part 2, we concentrate on the Develop Module which is the powerful image-processing component of Lightroom. I will show you how to get the most out of the Develop Module to take your images to the next. Whether you are a beginner or advanced photographer, this workshop will help you achieve your goals through providing a well-grounded foundation for organizing and post-processing your images. Don't struggle to get your images looking the way you want, come to this class and learn how to do it. Practice images will be provided, as well as written handouts. *More detailed information will be emailed to registered participants.

Drawing with Color

Location: Virtual Sharon Arts Studio

Fee: Member: \$96.00. Non-member: \$121.00

Ages: 15 and up

Colored pencils are versatile and precise. Enhance your drawing repertoire with gem-like sticks of color! In this four-week class, we'll start with exercises to create our own color charts that explore blending, alternate finishes, and texture. Next we'll sketch from a color photograph of a basic still-life. Then we'll work on an exquisite rendering from a landscape photo for the last two meetings. Photo references will be provided, but instead you may certainly work from a picture that you have at home. There will be time for critiques and sharing our work with the class at the end of each session. Visit www.sharonartstudio.org for the materials list.

Portraiture

Location: Virtual Sharon Arts Studio

Fee: Member: \$96.00. Non-member: \$121.00

Ages: 15 and up

In this four-week on-line class we'll explore portrait drawing from photographs. Each week a different view-point reference photo will be provided, covering the full-frontal, profile, and three-quarter views. I will demonstrate to start-off the class. The head-shot model, the person whose portrait we'll draw, will also differ each week. Alternatively you may work from any photographs from your own collection. (The easiest photos to use will have a clearly dominant, single light-source.) On the final meeting we'll experiment with various portrait sketches of each other via the Zoom platform! Our basic materials will be charcoal pencils (2B, 4B, and 6B), good-quality drawing paper, and kneaded-rubber and white plastic erasers. You may also find vine-charcoal and thick sticks of compressed charcoal useful. Please feel free to use any wet media as well, such as pen and ink, or ink washes with a brush.

Strong Engaging Compositions

Location: Zoom.com

Fee: \$165.00

Ages: 18 and up

Take the quality of your photos to the next level, by learning how to improve your composition. Composition isn't just about understanding camera specifications; it is also about emotional engagement with your subject, which could be a person, a landscape or a still life. We will examine the elements that make up a photograph, the techniques and rules of composition and what you need to keep in mind to achieve the best results. We will look at examples of photography to illustrate each of the concepts, and weekly assignments will be set up for you to explore these ideas on your own. Class discussion is encouraged and weekly assignments will be critiqued. This class is virtual.

Learn to Swim - Level 3

Ages: At least 6 but less than 18

This class builds on the skills learned in Levels 1 and 2. Participants learn to swim the front crawl and elementary backstroke at rudimentary proficiency levels and are introduced to the scissors and dolphin kicks. Participants learn the survival float and increase the time duration for treading water. Participants also learn the rules for headfirst entries and begin to learn to enter the water headfirst from a seated position at poolside (if the water is 9 feet deep or deeper). On successful completion of Level 3, participants have achieved basic water competency in a pool environment. Prerequisite: Successful completion of Level 2. Children must be 48" to participate.

Learn to Swim - Level 4

Ages: At least 6 but less than 18

This class should improve participants' proficiency in performing the swimming strokes that were introduced in Level 3. Participants perform these strokes with increased proficiency and can swim them for greater distances. In addition, participants learn the arm actions that accompany the scissors kick and breaststroke kick to begin performing the sidestroke and breaststroke at rudimentary proficiency levels. Participants also learn the back crawl and butterfly at rudimentary proficiency levels, in addition to the basics of performing a simple open turn at a wall. Prerequisite: Successful completion of Level 3.

6 Week Session
Oct. 13 - Nov. 17

Ages: 16 and up

This class focuses on flat work made from slabs: tiles, soap dishes, trays, plates, platters, hanging ornaments and more. We'll cover basic clay handling and building techniques and explore a wide range of surface decoration techniques. We'll investigate carving and slips, and work on creating interesting textures, using commercial texture rollers and stamps, applying textures found in nature (i.e., seedpods, twigs, leaves, grasses, bark, pinecones, rocks etc.); repurposed materials, and items found at home (fabrics, lace, kitchen tools, corrugated cardboard and much more). Finally, we'll experiment with glazes that enhance textures, as well as using stains and underglazes.

Fee: Member: \$215.00. Non-member: \$225.00

5 Week Session

Oct. 25 - Nov. 22

Ages: 16 and up

For thousands of years people have been creating music by inventing their own musical instruments. In this class, we will create our own unique, tunable string and percussion instruments out of a variety of materials. In addition to guitar, bass and piano strings, students will receive contact microphones to amplify their creation. While creating these instruments, we will dive into the science of sound and explore amazing instruments from around the world. We'll also learn about new music composers who have worked with their own invented instruments. No musical background necessary, but musicians are welcome.

Fee: Member: \$400.00. Non-member: \$410.00

9 Week Session

Oct. 12 - Dec. 7

Ages: 15 and up

In this class, we explore the world of wood joinery, with lots of hands-on practice. Learn to layout and cut a set of increasingly complex joints, from the halflap to the dovetail. Along the way, learn what joints do and why we use them. You'll gain a solid foundation for understanding when and how to use joinery in your future creations. We'll use hand tools for the most part, but will demonstrate biscuit joinery, the pocket hole system, Miller dowels and the Festool Domino. There will be an additional \$30 materials fee due to the instructor on the first day of class.

Woodworking: Shaker Oval Box Workshop

Location: Randall Museum

Fee: Member: \$145.00. Non-member: \$155.00

2 Week Session

Oct. 7 - Oct. 14

Ages: 15 and up

Perhaps the most recognizable form of Shaker woodenware is the oval box. These beautiful bentwood boxes were made for use by the Shakers as well as for sale to the "world". The oval box was made in most Shaker communities, most notably by Brother Delmar Wilson (1873-1961) of the Sabbath Day Lake community in Maine. In this two-evening workshop, students will make the boxes by hand in the traditional manner. We will cut the? swallowtail? joints, prepare, shape and soak the box sides, bend the sides around a form and carefully fit the tops and bottoms. One or more boxes in several sizes may be made as time permits. Practical, elegant, and eminently useful, put your finished boxes to work at home or give them as gifts. This class is suitable for all levels. All supplies and materials are provided.
